EVERYONE CAN.

# ADHD Awareness Assignment

This assignment questions relate to each of the course units which you will need to answer. In addition, evidence of a completed assignment from each of the units needs to be submitted.

The following assignment template questions are below. Place the topic assignments as an appendix. Please clearly reference the unit and topic to which the assignment relates.

**Assignment template**

**With reference to Unit 1**

Describe the evidence you would gather if you were concerned whether a student may be showing some behaviours consistent with aspects of ADHD but who does not have a current diagnosis.

**With reference to Unit 2**

In a Geography subject there is a unit on the economic migration. The student has to learn about and be able to identify the push and pull factors that influence a person's decision to move between areas.

- With reference to this scenario, highlight how you would use appropriate strategies that can help the student with ADHD to remember, organise and list the key push and pull factors.
- Suggest how the use of appropriate technology might make a positive difference to the student in note taking and writing a short explanatory essay as part of their course work.

**With reference to Unit 3**

Exam Scenario: An exam section requires the student to answer questions explaining the importance of eating balanced nutritional meals and the effects on a person of not doing so.

- With reference to the above exam scenario, consider what kind of Reasonable Adjustment/s and Access Arrangement would be appropriate for your student taking such an exam.
- With reference to the above exam scenario, give an example of at least one suitable revision strategy you could help the student to use that would help them remember key facts, organise their ideas and structure their answer to above question.
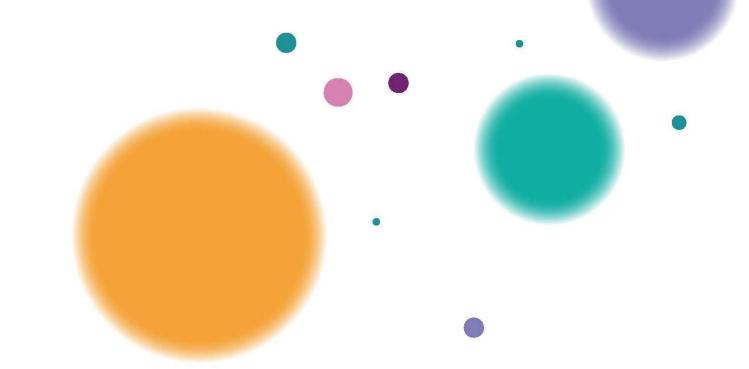

**Success Criteria**

The table below shows the criteria required to be present so you can check that each element is included in the assignment.

To upload your assignment:

- Log in and visit the Assignment Unit page.

- Click on the Upload button to upload your assignment document as a single Word or PDF file.

| Unit | Assignment essential success criteria | Present Absent (P) / (A) |
|---|---|---|
| **Unit 1** | <ul><li>Shows awareness of how ADHD may affect the ability to complete a learning task.</li><li>Includes relevant indicators of ADHD that may be present in a student.</li></ul> | |
| **Assignment Unit 1 Topic** | A completed assignment or research evidence from **one** topic from this unit with explanation of how it was, or will be, applied in school. | |
| **Unit 2** | <ul><li>Includes an explanation of relevant strategies for the geography study scenario and why these would help a student.</li><li>Makes reference to the use of appropriate strategies that could be used by the student.</li><li>Describes in sufficient detail which technology could be used to support note taking and assignment writing for a student and how this could be implemented between the classroom and home.</li></ul> | |
| **Assignment Unit 2 Topic** | A completed assignment or research evidence from **one** topic from this unit with explanation of how it was, or will be, applied in school. | |
| **Unit 3** | <ul><li>Makes reference to appropriate exam access arrangements for the student and gives reason/s why such an arrangement may be permissible for the student.</li><li>An explanation of what evidence would be gathered to support that exam arrangement</li><li>Describes how appropriate study skills and strategies could be used to support a student's revision.</li></ul> | |
| **Assignment from Unit 3 Topic** | A completed assignment or research evidence from one topic from this unit with explanation of how it was, or will be, applied in school. | |
